

GETTING STARTED WITH RUND OO · OPEN THE BOX

Log in to Rundoo

Open your store's web address, pick your location, and prove it's you with a one-time code. No password to remember.

THREE WAYS IN

1

Text message

A 6-digit code to the phone on your staff profile.

[Sign in using text message](#)

2

Email

The most common path. A 6-digit code to your inbox.

[Sign in using email](#)

3

Security key

One tap of a physical key, if your store has them.

[Sign in using key](#)

Sign in with email in 4 steps

- 1 Pick your **Location** at the top of the card.
- 2 Click **Sign in using email**.
- 3 Type your **Staff ID** (like /N), not your email.
- 4 Enter the 6-digit code. You're on the sales screen.

The code

Expires in 2 min

Comes from login@stytch.com. Lapsed? Hit [Send another code](#).

Buttons missing? The three sign-in options only appear after you pick a Location. An empty-looking card almost always means the Location dropdown up top hasn't been filled in yet.

Watch the ID field: the email path asks for your Staff ID, the short POS code on your profile, not your email address. Type an email there and Rundoo says the ID wasn't found.
