Set your receipt printing once. Then reprints, quotes, and will calls just print.

WHERE THE POP-UP DISAPPEARS

1

Reprints

Another copy of a past sale

Prints, no dialog

2

Quotes & drafts

A written quote for the boss

Prints, no dialog

3

Will calls

The pickup ticket for an order

Prints, no dialog

Set it up: Admin > Settings > Communications

- 1 Set **Number of thermal receipts printed** (2, or 1 for customer-only)
- 2 Turn on **Quick print receipts**, the master switch
- 3 Turn on **Quick print thermal receipts** and set **Show prices**
- 4 Pick your **Default quick print thermal printer**, per location

Good to know

A brand-new sale still shows the receipt dialog, prefilled and ready. One tap to print.

Printer is per location; the format and prices apply company-wide. Finance charges always print a full page.

Set it once: point Rundoo at your printer and pick your format, and reprints, quotes, and will calls print the way you like, no choosing, the paper is just there.
